How do you want Montpelier to be....

30 years from now?

100 years from now?

We want to know.

Why should I think about THE FUTURE?

Choices we make today...

SUV or Hybrid?

Walking or driving?

Education or tax cuts?

Home care or nursing home?

Local store or global corporation?

Create a 21st Century Capital

Join people from all over the city - businesses, residents, artists, bureaucrats, musicians, young people, senior citizens, immigrants, students, teachers, people of faith, activists, historians, curmudgeons, lawyers, and leaders in an exciting new planning effort designed to help Montpelier move toward a creative and dynamic future.

Learn more about what makes the city tick. Find its strengths and weaknesses. Meet interesting people. See your old home through new eyes. Discover unexpected solutions to old problems. Get to know your neighbors.

Interested?

Are you willing to attend one big meeting and one small meeting per month for the next year and a half?

Do you want to help shape the city's future?
