PUBLIC SERVICE ANNOUNCEMENT

MAIN STREET TRAFFIC PLAN AND EXPECTED DELAYS

Beginning Monday, May 10th, traffic on Main Street (US Route 12) between School Street and the Main Street roundabout will be reduced to one way from 7 am until 6 pm for the installation of the new storm drain pipe. The pipe work on Main Street is expected to continue for approximately 2 weeks, but two-way traffic should be able to be maintained after the first week.

Alternate routes should be sought to avoid significant delays at the construction zone.

Your cooperation is greatly appreciated.

S.D. Ireland Co. and the City of Montpelier

Todd C. Law, PE
Director of Public Works
