Agenda

The members approved the agenda without changes

Minutes

The members approved the minutes of the regular meeting of January 26th and the February 13th planning meeting.

2016 Planning Goals

The committee reviewed and updated the 2016 goals. Below are the priority activities (See attached document for complete planning document)

2016 Priorities

i. Walk friendly application

ii. Open street events

iii. Communications with city council

iv. ATF monies and deadlines

v. Annual report

vi. Night safety campaign Halloween

vii. Data review

viii. We walk week October 8-16
Request Tracker

The Pedestrian Advisory Committee is going to pilot the use of Request Tracker beginning Feb 24, 2016. The committee is focusing on winter safety issues for the pilot. Currently there are forms to report issues regarding the following: snow on walks, ice on walks, flooded or obstructed crosswalks, sidewalk trip hazards, problems with crosswalks, and obstructions to sidewalks. After three months of testing, we'll revisit to see what steps are next. The hope is that later in 2016 Request Tracker will be available on the city website so residents can contact the city for a variety of issues.

Meeting adjourned at 6:30.

Next meeting: Tuesday, March 22nd, 2016  5:15-6:30

Police Department Community Room
