Improve Public Health and Safety

COVID-19 Response- updated:

Update: The State has released their newest [COVID-19 Modeling Report from April 26th, 2022](#). According to their data, “Cases of COVID-19 this week in Vermont increased again, growing from an average of 261 to 283 (+8.5%) cases per day over the last seven days while testing was flat. Hospital admissions and inpatient numbers increased this week, with those hospitalized for COVID in Vermont growing 42% over the last seven days”

With this continued trend of increased cases, please make sure you are taking steps to remain healthy and to protect yourself and others!

COVID-19 Reminders:

- It is now recommended that those age 50+ or those who are immunocompromised age 12+ receive a second booster dose of either the Pfizer or Moderna vaccine. The FDA’s guidance can be found [here](#). Find vaccination clinics [here](#), or call your preferred pharmacy.
- The health department now recommends that people who test positive isolate for five days, with the caveat that if you still have symptoms after completing isolation, you might choose to take extra precautions such as wearing a mask, which helps protect you and the people around you from getting or spreading COVID-19. More information can be found here: <https://www.healthvermont.gov/covid-19/symptoms-sickness>
- **Keep up to date with CDC Recommendations!** You can find the CDC’s updates regarding COVID-19 on their website [here](#). They have released an updated chart regarding their quarantine and isolation guidelines [here](#).

Facilities & Sustainability Coordinator - New

I am completing a job description for the new position which was funded in the FY23 budget. I am using the Town of Hartford’s Environmental Sustainability Coordinator position as a base while incorporating the suggestions provided by MEAC. I will circulate this to MEAC for comment before formally opening the position for applications.

Trash Clean Up

In addition to the upcoming Green Up day activities, the City has submitted a grant application to the Central Vermont Solid Waste Management District for a more complete trash/litter clean up including items which should not be handled by volunteers. This is particularly focused on the river banks and under downtown bridges, along with cleaning up downtown graffiti.

District Heat – Update

The City staff team met District Heat system users on Monday to go over questions. This will be followed up by a full update to the Council in May or June. We have committed to quarterly meetings with the user group.

We submitted the Northern Borders Regional Commission letter of intent on Friday. The District Heat project focus is proposed to add a new ‘snow melt’ site using District Heat and adding new hook ups for customers.

Provide Responsible and Engaged Government

Billion Grave Project: Our local Church of Latter Day Saints youth group along with community volunteers will initiate the “Billion Graves” project at Green Mount Cemetery this Saturday from 3-5. This will be an ongoing project, <https://billiongraves.com/about-us>. BillionGraves gathers headstone data, and captures images of headstones with their GPS locations. These records are made available for free to millions of families around the globe on BillionGraves.com and FamilySearch. For further information contact: Gabriel Lajeunesse at gabriel.lajeunesse@gmail.com

Meeting Agendas - Update

Given the continued postponement of some items and the length of recent meetings, we will be shuffling many items between now and June and perhaps longer. It's possible that some committees or groups who have been waiting to present will be delayed and perhaps disappointed. We'll communicate with them. Please check the tentative schedule below if you are tracking any specific items.

Community Surveys and Outreach

We met with our partners at Polco about outreach efforts. We are gearing up for the major National Citizen Survey which will be a statistically valid random sample survey of Montpelier residents. People can participate both via mail and online. In addition to the formal random survey, a voluntary participation survey with the same questions will be conducted to allow more people the chance to weigh in. The survey should launch around the beginning of June with results available by the beginning of September, just in time for strategic planning and budget.

Most of the survey is standardized in order for us to benchmark results against other communities nationally. There is, however, a section for where we can ask 3-5 Montpelier specific customized questions. We'll have this on the May 11 agenda for your

final approval but you may want to start thinking about which topics you'd like to hear from residents about.

Along with the formal survey, we will have the ability to do regular polls and short surveys about community issues. Those are, unfortunately, on line limited with Polco but perhaps we can think of a way to supplement. These will allow us to ask questions to our residents as issues arise.

The platform can also be used to share information or updates. We see this as a prime way to manage the Elks Club project but also any other key items we'd like to communicate. This, of course, will be in addition to our current systems. People can sign up to be included in polls/surveys and to receive updates.

General Business Follow Up 4/27 New

- *Meeting schedules.* As mentioned earlier, with the help of the Mayor I've prepared a "re-shuffle" of agendas for the coming months. Listed below.
- *Safe Cycling.* We'll review this concern with MPD and engage on some public education.
- *Public Records Request.* A request for forecasting information was overdue although the information had been provided in a timely matter. We took extra time to check whether additional records existed. A response was sent yesterday.
- *Street Sweeping.* Annual spring cleaning of sand and mud is underway. DPW currently has one street sweeper out of service being repaired. This is slowing the work.
- *Sidewalk Damage.* We are not clear about this reference but will look at the sidewalks. We asked the commenter for more information but they declined to provide any.
- *"Billy's Beers".* Although not part of general business this was an issue raised twice at the meeting. An individual ("Billy") was cited several times in the same day for the same offense at the former bike path location of the Guertin Park. Beer in his possession was seized as evidence on May 25, 2020. Upon the conclusion of the case, the evidence (beer) was returned to the individual on September 28, 2020, approximately four months later. This issue was resolved two and a half years ago,
- *New Building Projects.* The Planning Commission and City Council have looked closely at requiring land donations as part of development applications and have determined that this is not legal. Instead zoning has been developed to encourage clustering of buildings and leaving open space on a property.
- *Conduct at Meetings:* Staff will draft a proposed policy for both acceptable behavior at and conduct of meetings.

Pending Legal

- *Appeal of Zoning Permit.* Neighbors have appealed DRB approval of a permit to move a barn structure. City is represented by Attorney David Rugh. We are monitoring the case. Recent filings by appellants have challenged the validity of sections of the city's zoning ordinance.

- *Abdo Banfield v. City of Montpelier*. Appeal of DRB determination upholding decision of the Zoning Administrator. City is represented by Attorney David Rugh.
- *Ferry et al v. City of Montpelier New*. The Superior Court dismissed the suit challenging the legality of the city’s non—citizen voting provision but upheld the plaintiff’s standing to raise the issue/. The plaintiffs have now appealed this decision to the Supreme Court. The City is likely to file a cross appeal challenging the standing decision.

UPDATE: Public Lockers

The City Council approved moving forward with the proposed pilot locker project at their April 27th Council meeting, which would station 12 lockers behind the Rec. Center on Barre Street for use by those who are experiencing homelessness. Staff is now working on procuring the lockers, preparing to install them, communicating to abutting residents, and communicating the program requirements to those who may want to use the lockers.

Community Services Department Shared Info Updates/Events/Collaborations

Montpelier Recreation Division updates/events

The Recreation Department is still looking to hire seasonal pool and day camp staff and has extended the deadline for applications and resumes. The weather cooperated this week, so the Rec. Department was able to get the pool drained and washed. The rest of the Tennis Courts will have their nets up this week. Baseball is beginning and fields are being prepped.

There was a great turnout for the Noontime Basketball reunion on Wednesday, April 27th. Many of you may have seen it in the Bridge or Times Argus! It was spearheaded by long time retired player Ken Liberto with players representing it’s 40 plus years of existence.

Recreation’s Capital Kids Summer Day Camp Registration is open

Click [here](#) for info and registration form, which includes options for signing up for FEAST

Farm Camp as well. The Community Services / Recreation office is also processing registration for Mountaineers baseball camp again this year.

FEAST to Table at May 7th Farmers Market

Visit the FEAST Senior Meals table at the May 7th Farmers Market to learn more about this vital program, meet some of the staff (including MSAC Director Sarah Lipton and AmeriCorps service member Maddie Sholar), and discover the multitude of volunteer opportunities. Serving the FEAST program means helping to bring necessary meals to older adults in our community *and* engaging with local young people who are working hard to help out.

Got Smartphone or Tablet Questions? Technology Tutor Available

Friday afternoons (skip 5/6) | 3:30-4:30pm | at MSAC

MHS student Russell Clar is available for 20-minute appointments at MSAC to assist with smartphone set-up, settings adjustments, email questions, Google Docs, photo-editing, or bring other questions, and he'll do his best to help! To reserve a slot or get your name on a future list, call the MSAC main office at 223-2518 or email msac@montpelier-vt.org.

Green UP with Trash Tramps

Tuesdays | 1:45pm | MSAC |

Vermont's annual Green Up day is Saturday, May 7 but you have an opportunity to green up Montpelier every week. The Trash Tramp volunteers welcome others to join them for one hour of litter collection beginning at 1:45 every Tuesday afternoon at MSAC.

Real Estate 101

Wednesday, May 18 | 1pm | MSAC |

Join Jeanne Felmly, a licensed Real Estate Broker with Dome Real Estate Group, for her annual MSAC discussion about the basics of the real estate transaction. Many people are overwhelmed by how complicated the process can become, and this workshop is designed to educate the lay person starting with the common questions: What do I have to do to prepare my home for sale? How do Real Estate professionals qualify buyers? How do I evaluate offers? Other relevant topics will include forms and disclosures required by law, representation and how the real estate community works together, what to expect from a home inspection and the potential impact of the sale and much more. When we're not closed for the pandemic, Jeanne usually volunteers regularly at MSAC's FEAST Together, serving lunch and helping to tidy up the community room afterwards.

Volunteer Training Event for FEAST Kitchen & Farm

Wednesday May 18 | 6-7pm and Thursday May 19 | 1-2pm

Longing to dig into giving back to the community? Join FEAST Farm & Kitchen staff for training in the multiple opportunities that feature helping outside on the farm, working in a multigenerational project involving a summer camp, a high school program, and volunteer opportunities for aging Vermonters, including MSAC at Home service. Training will cover topics such as planting, weeding, harvesting, and how you can help us grow food for

FEAST Senior Meals, the Montpelier Food Bank, and Community Harvest of Central VT.

We All Have Different Brains: Introduction to Neurodiversity

With Melissa Houser, M.D., Executive Director, All Brains Belong VT
Wednesday, May 25 | 1pm | MSAC |

We all have different brains that learn, think, and communicate differently. This session will introduce the “neurodiversity paradigm” and provide a framework for understanding the different ways our brains take in, process, organize, and use information. Given that 1 in 5 people think, learn, and/or communicate differently than the majority of brains, we will also discuss best practices for community inclusion - in healthcare, in families, and in the rest of life.

During this event, masks are required for all attendees. **All Brains Belong VT** is a new nonprofit 501(c)(3) organization in Montpelier that uses “universal design” principles to provide neuroinclusive healthcare and social connection opportunities for people of all ages.

Employment and Personnel Announcements

New Hires New

Matt Wilson has been hired to serve as the new Community Service Department’s full-time Communications and Development Coordinator to support the Montpelier Senior Activity Center, Recreation, and Parks & Trees divisions. Matt will be moving here from Plattsburgh, NY and brings a wealth of experience in communications and a deep passion for sustainability and community resilience. The Community Service team is thrilled to have him start on May 16th.

We also welcome Shakia Woods who has been hired as the Restorative Programs Coordinator for the Community Justice Center. Kia will be responsible for receiving program referrals and overseeing the restorative panels and volunteers who facilitate the panels. In her role, Kia will be working closely with the Montpelier Police Department as

well as other referring law enforcement agencies, our State's Attorney's Office and with referrals from area-wide schools.

In Remembrance New:

Over this past winter, we lost four individuals who were former employees of the City of Montpelier Public Works Department.

Schuyler Azur worked in the Water/Sewer Division for more than 10 years and later left Montpelier to work for Dubois Construction. His knowledge of Montpelier's water and sewer distribution system proved to be very helpful on construction projects that Dubois performed within the city. Schuyler enjoyed sharing any knowledge he had about the city with any new employees coming to work for Montpelier.

Francis (Lee) White retired from Montpelier's Public Works Department after more than 20 years working in the Street Division. Lee liked a show from "back in the day" called Air Wolf. There is a newspaper article at the Montpelier Public Works Garage about Lee, the Air Wolf show and his reference to his wing truck, also known as The Deuce (Truck #2). Lee also ran multiple street sweepers during his time with the City. Lee took great pride in any work he did, especially his plow **routes**.

Durward (Doc) Lamb retired from the City of Montpelier after more than 30 years as the Water/Sewer Superintendent and later in his career, adding Street Division Superintendent. He also held the title as the City's local Health Officer/Inspector. Durward loved working for the City of Montpelier and would often express the great pride he had in the accomplishments his Public Works team had achieved during his time with the City. To those who knew him personally, he was known to swing by construction sites to see if he could find any antique bottles or similar items. Durward was known throughout New England, and beyond, for his amazing collection.

Roland Cliche retired after more than 37 years of employment with the City's Water/Sewer Division. He is remembered for operating #49, a backhoe in the Water Department, with a roof over him but an open cab ... in all types of inclement weather. He was so excited when the City finally purchased a backhoe with an enclosed cab and also included a heater *and* a radio! Roland had a way about him to make everyone in the room smile, even breaking out into laughter often times after long nights repairing water leaks or assisting the Street Division with snow removal operations. He was a hard worker who never hesitated to jump in and help when needed.

After reaching out to a few folks who worked with all of these men; the takeaway is as follows: Each and every one of these gentlemen loved working for the City of Montpelier and took great pride in what they were able to do for its residents.

This is simply an acknowledgement and a thank you for their time and dedication to the City of Montpelier.

Rest in peace Schuyler, Lee, Durward, and Roland You will be. Forever missed by those who had the privilege of working with you...

- Many thanks to DPW Employee Geoff Wilson and City retirees Nathan “Putt” Cowens, Mike Papineau, Frank Ellis, and Sandy Houghton for writing and submitting this memorial.

Municipal Job Openings

Visit the City website for more information: <https://www.montpelier-vt.org/Jobs.aspx>

Montpelier Youth Conservation Crew (MYCC) Crew Leader: The MYCC crew leaders will be the main supervisors for our MYCC crews. Each crew leader will be in charge of one crew throughout each session and will rotate throughout the sites along with the crew. The crew leader will set expectations, be a mentor, model a good work ethic, and facilitate reflection activities. In addition to helping guide the workflow, crew leaders will be the main point of contact for their crews for questions, concerns, and any issues that may arise. The work at each site will be directed by a site leader. The crew leader will work with the site leader to guide MYCC members in performing the tasks, while empowering them to deepen their skills as environmental leaders. This job is 32-hours per week, Tuesday through Friday, 8am - 4:30pm and will span June 7 - August 19. The crew leader will start two weeks before members, and then lead three 3-week sessions for a total of 10 weeks. The crew leaders will be paid \$18/hour.
