PROJECT OVERVIEW
Overall Vision & Goals
GOALS & PROCESSES

• Bring together the best ideas from earlier planning efforts with new perspectives from the community, culminating in a clear and compelling vision for how the Downtown Core should look, function, and feel.
GOALS & PROCESSES

• Bring together the best ideas from earlier planning efforts with new perspectives from the community, culminating in a clear and compelling vision for how the Downtown Core should look, function, and feel.

• Guidance from this plan will provide a “blueprint” for the City’s investments in its streetscape, establish a playbook for managing urban stormwater within the core, and frame policy decisions on future land use.
