2021 Summer Program Registration Form

Montpelier Recreation Department

58 Barre Street Montpelier, VT 05602 | 802-225-8699 | www.montpelier-vt.org/838/Montpelier-Recreation

Please be sure that if you have never participated in a Montpelier Recreation Program that you also fill out a household creation form and attach it to this form. Thank You!

Tiny Tots: Our program is for children 5 and under who have not been to kindergarten. It is required that a parent accompany their child in the water. You will learn to work with your child on pre-swimming skills that are provided by a qualified instructor. In case of cold and/or rainy weather, lessons will be cancelled.

Tadpoles: Learn basic personal water safety information and skills, to help participants feel comfortable in the water and to enjoy the water safely. Participants will learn elementary aquatic skills such as floating, gliding, and breath control, which they will build on as they progress through the six learn-to-swim levels. Participants will also learn to safely enter and exit the water independently and begin to learn to recover from floating and gliding into a vertical position.

Frogs: Gives participants success with fundamental skills. This level marks the beginning of true locomotion skills. Participants continue to explore simultaneous and alternating arm and leg actions on the front and back to lay the foundation for future strokes. Participants will learn to step into chest deep water, perform front and back floats and return to a vertical position as well as swim on the front using a combined arm and leg action for 5 body lengths. Frogs is for children who have passed Tadpoles

Swordfish: Participants will learn the survival float, the elementary backstroke and to coordinate the front crawl. They are introduced to the scissors kick and build on the fundamentals of treading water. Participants also learn rules for head-first entries and begin to learn to enter the water headfirst from the rafts. Swordfish is for children who have passed Frogs.

Dolphins: Developing confidence in the strokes learned thus far and to improve other aquatic skills. Participants improve their skills and increase their endurance by swimming familiar strokes such as the front crawl and elementary backstroke for greater distances. Students also continue to build upon the scissors kick by adding the arms for sidestroke and butterfly. The back crawl and the breaststroke are introduced in this level. Dolphins is for children who have passed Swordfish

Sharks: Coordinating and refining strokes. Participants refine their performance of all the strokes including the front crawl, back crawl, butterfly, breaststroke, elementary backstroke, sidestroke and increase their swimming distances. Children must have completed Dolphins

Level Six: Refining the strokes so students swim them with ease, efficiency, power and smoothness over greater distances. Children must have passed Sharks.

*I assume all risk and hazards incidental to such participation, including transportation to and from activity, and I hereby waive, release, absolve, and agree to hold harmless the City of Montpelier Recreation Department, their officers, agents, officials, employees, volunteers, the organizers, sponsors, supervisors and participants for any claim arising out of any injury to my child or myself.
