The program, called Montpelier 20/30/50 Park, is a downtown 20/30/50 project focused on enhancing the downtown area. This initiative aims to improve the city's central business district by creating more accessible and attractive spaces for pedestrians and cyclists.

Montpelier Youth Conservation Corps (MYCC) is a program for high schoolers in Central Vermont, offering them valuable work experience and personal development opportunities. This program is supported by the City of Montpelier, the Trust for Public Land, and the Vermont Housing and Conservation Board.

Conservation Corps members are elected to 5-year terms by the public and work alongside Parks staff to maintain trails, manage invasive species, and improve the natural environment. The City of Montpelier and the Parks Commission oversee the program.

Accessibility

The City of Montpelier is committed to providing accessible trail options for all visitors. The parks are overseen by the 5-member Parks Commission, whose members are elected to 5-year terms by the public. The Commission, in turn, is responsible for providing accessible pathways and features at each park.

Downtown Montpelier

Montpelier is the gateway to world-class outdoor recreation within minutes of downtown. The City offers a variety of trails and greenways that are open to the public.

For more information about the City of Montpelier, please visit www.montpelier-vt.org/MYCC.
